

More Practise With The Criss- cross approach for writing IONIC formulas. Copy this page into your notebook and fill in the ionic formulas. Be sure to always write the metal first. Make sure your final formula has no charges in it.

	$\text{C}_2\text{O}_4^{2-}$	Pb^{2+}	Pb^{4+}	$\text{CH}_3\text{COO}^{1-}$
NH_4^+				
O^{2-}				
MnO_4^{2-}				
Mn^{5+}				
Hg^{2+}				
SO_2^{2-}				
ClO_3^-				
Mo^{3+}				
CrO_4^{2-}				
Fe^{6+}
